The Whisky Bill-Meeting of the

Conference Committee. WASHINGTON, Feb. 22.-The committee of conference on the whisky bill had a meet-ing to-day. It consisted of Senetors Fes-senden, Johnson and Howe, and Representatives Washburne of III., Stevens of Pa., and Fernando Wood. As both Houses had agreed to strike out the proposed tax on spirits on hand, it was not deemed by the majority of the committee to be in control to the control of the committee to be in control to the control of the committee to be in control of the committee to be in control of the contro versy, and hence it so remains. It is un-derstood that the sliding scale has been adopted with modifications, namely: Spirits distilled and sold or distilled and removed for consumption or sale previous to the 1st of July next, of first proof, in addition to the duties payable on licenses, a duty of 60 cents a gallon; and upon all liquors which may be distilled after the passage of this act and sold or removed for consumption or sale on and after the 1st of July next, and previous to the 1st day of January next, 65 cents a gallon; and on all liquors which may be distilled after the passage of this act and sold or removed for consumption or sold on and after the 1st of distilled and sold or distilled and remove consumption or sold on and after the 1st o January next, 70 cents a gallon. The modifications are from 70 to 65 cents, and from 80 to 70 cents. Another point in controversy has been settled, namely: On distilled spirits imported from foreign countries pre-viously to the 1st of July next, of first proof, of 40 cents per gallon; and on all such spirits imported from foreign coun-tries on and after the 1st of July next and previous to the 1st of January, a duty of 45 cents instead of 50 cents per gallan, and on all such spirits imported on and after the 1st of January next 50 cents instead of The report of the committee of Conference will probably be acted upon finally by both houses to-morrow.
